## HALF MARATHON

# RED TOP MOUNTAIN

Each year, more than 140 officers leave for work but don't return home to the families who love and support them. The reasons are varied – they may be involved in an auto accident; they may be killed in an incident with a criminal; they may have performed a routine traffic stop to ticket a speeder; or they may have responded to a domestic dispute that took a deadly turn. Regardless of the reason, the harsh reality is that the men and women of our local police departments who have chosen to accept the honor of protecting our communities often face deadly consequences that leave their families in dire straits. When we lose a member of the police force, we lose an experienced, trained community hero who gave his or her life to protect the community. When we lose an officer – a family loses a husband, a wife, a sister or brother. A child loses a father or a mother.

The Police Benevolent Foundation, Inc exists to help the law enforcement officers and their families. We are there to help restore normalcy in the wake of tragedy. The Race for the Fallen Half Marathon was created to honor the brave men and women who risk their lives everyday to protect our families, and it is a tribute to the officers who gave their lives to protect our community. Strength! Endurance! Dedication! – Words to describe our officers; elements to complete our race.
