About the George Almond Officer of the Year Banquet

The Police Benevolent Association has long held the reputation for educating the public about the daily work of law enforcement officers and the sacrifices they make to keep their communities safe. These education efforts have led to partnerships with the community that have benefited members of the PBA and the law enforcement profession. The PBA also has an extensive history of creating solid and sustainable relationships with elected officials to effect positive change for our members. The PBA continues to take this process of education, partnerships, and relationship building to a new level. Every year, the George Almond Officer of the Year Banquet brings together elected officials, officers, and the community to showcase the talents of police officers and honor the legacy of retired Detective George Almond. The Cary Chapter Board, in their first year, chose to sponsor an Officer of the Year award in honor of retired Detective George Almond. Almond, a PBA member was shot in the line of duty in October 2001. He survived the shooting and returned to duty as a detective in juvenile investigations before retiring in August 2004. The award recognizes outstanding achievement in the areas of leadership, community service, mentoring, excellence in performance, and valor. For the 10th annual award, the Wake County Chapter and the Raleigh Chapter are included to represent the achievements of officers throughout Wake County. **Dr. Bill Lewinski** will serve as the Keynote Speaker for this year's event. He is one of the world's leading behavioral scientists whose work has focused primarily on the intensive study of the human dynamics involved in high stress, life-threatening encounters.

These funds are used to replace the salaries of fallen officers, provide disaster relief for law enforcement officers displaced through natural disasters, provide scholarships for the children of law enforcement, and conduct the 'Behind the Badge' seminar series to prevent officer suicides.
